- **How can I subscribe Netelip?**

You just need to go to www.netelip.com, fill in the form, charge your account and Netelip will provide everything you need to make calls to everyone, wherever you are, from 0 € per minute.

- **What is a VoIP adapter?**

A VoIP adapter is a device you plug between your fixed phone and your Broadband Internet access, to allow you to make internet calls with no frills, while benefiting from all the Netelip advantages. If you are a PC user with some technological skills, you may use your own multimedia PC to install a soft phone and take advantage of Netelip benefits.

- **What is a Netelip DID number?**

You can add a Netelip DID number to your Netelip account. A Netelip DID number is a telephone number that will make you reachable by your contacts wherever you are. You may choose Netelip DID numbers from more than 20 countries and direct them to your Netelip account or to another telephone number (fixed or mobile).
